Professional Summary

Electronics and Communication Engineering graduate with hands-on experience in Java, Spring Boot, Software Testing, Selenium WebDriver, REST APIs, and API Automation. Skilled in manual and automation testing, API validation, troubleshooting, CI/CD, databases, system integration, and application development. Strong analytical and problem-solving skills with knowledge of enterprise infrastructure, networking, cloud technologies, automation, and technical documentation.

Education

B.Tech in Electronics and Communication Engineering 2021 – 2025
CMR University, Bengaluru
CGPA: 7.55

PUC (PCMB), VCVR, Davangere 2019 – 2021
Percentage: 78%

SSLC, St. Anne's High School, Haveri 2018 – 2019
Percentage: 77%

Technical Skills

- **Programming:** Java
- **Backend:** Spring Boot, REST APIs, MySQL
- **Testing:** Manual Testing, Selenium WebDriver, JUnit 5, TestNG
- **Infrastructure:** Linux, Windows, TCP/IP, DNS, DHCP, Network Troubleshooting
- **Cloud/DevOps:** AWS, Git, Maven, Jenkins, CI/CD
- **Tools:** Postman, Jira, Eclipse, VS Code

Internship Experience

Software Testing Intern, SFJ Business Solutions Pvt. Ltd. 2024 – 2025

- Performed Manual, Regression, Functional, and Automation Testing using Selenium WebDriver and JUnit.
- Conducted API testing with Postman, troubleshot defects, and documented test results.

Java Full Stack Development Trainee, Pentagon Space 2024 – 2025

- Developed Spring Boot applications with MySQL, implementing backend logic and CRUD operations.
- Built REST APIs and worked with Git, Maven, debugging, and application integration.

Projects

API Automation Framework using Rest Assured

- Developed API automation scripts using Java, Rest Assured, and TestNG to validate REST APIs and CRUD operations.
- Validated HTTP response codes and API responses; integrated Maven and Jenkins for automated execution and reporting.

SeleniumX – Selenium Automation Framework

- Developed a Selenium automation framework using Page Object Model for reusable and maintainable test automation.
- Implemented Data-Driven and Cross-Browser Testing with automated execution reports.

Courses & Certifications

- **Software Tester Certification** – SFJ Business Solutions Pvt. Ltd. (3 Months)
- **Java Full Stack Web Development** – Pentagon Space (6 Months)
